

## REQUEST FORM FOR CORRESPONDENCE COURSES

The *Does God Exist?* program offers free postage paid correspondence courses to anyone who is interested. Two of these courses are apologetic courses graded and managed by John Clayton. These two courses show that God does exist, that the Bible is true, and that the Christian system is the way to eternal life and to the best that life can offer on this Earth. The other eight courses are Bible study courses that are studies of God's word and are graded by volunteers. A brief synopsis is given for each course below. Place a check beside the course you would like to take, and we will send you the first lesson with a postage paid envelope. Please take only one course at a time. A certificate of completion is given for each course when it is completed.

### APOLOGETICS COURSES

- \_\_\_\_\_ Basic Christian Evidences - A basic 13 lesson study of scientific proof that God is real and the Bible is His Word.
- \_\_\_\_\_ Intermediate Christian Evidences - A 13 lesson study of scientific proof that God is real and the Bible is His Word. This course is written at a college level and for most people the basic course should be done first.
